2.03 Searching for Tender Documents

- i) There are various search options built in the Website, to facilitate bidders to search active tenders by several parameters. These parameters could include Tender ID, organization name, location, date, value, etc.
- ii) Once the bidders have selected the tenders they are interested in, they may download the required documents/tender schedules. These tenders can be moved to the respective "My Tenders" folder. This would enable the Tamil Nadu Govt. e-Procurement Portal, to intimate the bidders through SMS / e-mail in case there is any corrigendum issued to the tender document.
- iii) The bidder should make a note of the unique Tender ID assigned to each tender, in case they want to obtain any clarification / help from the Helpdesk (NIC).

2.04 Preparation of Bids

- i) Bidder should take into account any corrigendum published on the tender document before submitting their bids.
- ii) Bidders are requested to go through the NIT and the tender document carefully to understand the documents required to be submitted as part of the bid. Please note the number of covers in which the bid documents have to be submitted, the number of documents including the names and content of each of the document that need to be submitted. Any deviations from these may lead to rejection of the bid.
- iii) Bidder, in advance, should keep ready the bid documents to be submitted as indicated in the tender document and generally, they can be in PDF / XLS formats. **Bid documents may be scanned with 100 dpi with black and white option which helps in reducing size of the scanned document.**

- iv) To avoid the time and effort required in uploading the same set of standard documents which are required to be submitted as a part of every bid, a provision of uploading such Standard documents (e.g. PAN card copy, annual reports, auditor certificates etc.) have been provided to the bidders. Bidders can use “My space or “Other Important Documents” area available to them to upload such documents. These documents may be directly submitted from the “My Space” area while submitting a bid, and need not be uploaded again and again. This will lead to a reduction in the time required for bid submission process. Anyhow, over and above the documents available in “My Space” option, it is the sole responsibility of the bidder to ensure the uploading /submitting required documents as called for in the tender.
- v) The completed bid comprising scanned copy of necessary technical and commercial documents should be uploaded on the website along with signed and scanned copies of requisite certificates, mentioned in the different sections in the tender document, with necessary attestation wherever called for, in the tender.
- vi) The bidder should submit the bid as follows.

The first set of documents relates to **Technical Bid** submitting all the required details and documents complying with all the eligibility conditions and the other tender conditions / instructions in PDF Format.

The second set of documents relates to **Financial Bid** (BOQ) furnishing the rate for each item in XLS Format.

2.05 Electronic submission of Bids:

The bidder shall submit online the requirements under qualification criteria, the Technical Documents required and Price Schedule/BOQ. All the documents are required to be signed digitally by the bidder. After electronic online bid submission, the system generates a unique bid reference number which is time stamped. This shall be treated as acknowledgement of bid submission.

2.06 Procedure for submission of bids:

- i) Bidder should log into the site well in advance for bid submission so that they can upload the bid in time i.e. on or before the bid submission time. Bidder will be responsible for any delay due to other issues.
- ii) The bidder has to digitally sign and upload the required bid documents one by one as indicated in the tender document.

A BOQ format for the price bid has been provided with the tender document to be filled by all the bidders. Bidders are requested to note that they should necessarily submit their financial bids in the BOQ format provided and no other format is acceptable. Bidders are required to download the BOQ file, open it and complete the coloured (Unprotected) cells with their respective financial quotes and other details (such as name of the bidder). No other cells should be changed. Once the details have been completed, the bidder should save it and submit it online, without changing the file name. If the BOQ file is found to be modified by the bidder, the bid will be rejected.

- iii) The server time (which is displayed on the bidders’ dashboard) will be considered as the standard time for referencing the deadlines for submission of the bids by the bidders, opening of bids etc. The bidders should follow this time during bid submission.

- iv) All the documents being submitted by the bidders would be encrypted using PKI encryption techniques to ensure the secrecy of data. The data entered cannot be viewed by unauthorized persons until the time of bid opening. Any bid document that is uploaded to the server is subjected to symmetric encryption using a system generated symmetric key. Further this key is subjected to asymmetric encryption using buyers/bid openers' public keys.
- v) The uploaded tender documents become readable only after the tender opening by the authorized bid openers.
- vi) Upon the successful and timely submission of bids, (i.e. after clicking "Freeze Bid submission" in the portal) the portal will give a successful bid submission message & a bid summary will be displayed with the bid no. and the date & time of submission of the bid with all other relevant details.
- vii) The bidder is responsible to ensure they have sufficient time to submit an electronic bid prior to closing date and time including the payment of any fees including the Bid security and getting e-receipt. Contracting authority is not responsible for any failure, outside their control.
- viii) TICEL BIO Park Ltd may, at its discretion, extend the deadline for the submission of bids by amending the bidding document, in which case all rights and obligations of TICEL BIO Park Ltd and bidders subject to the previous deadline shall thereafter be subject to the extended deadline.

2.07 Late Bids

The Electronic bidding system would not allow any late submission of bids after due date and time as per server time.

2.08 Modification and withdrawal of bids:

- i) Bidders may modify their bids online before the deadline for submission of bids.
- ii) In case a bidder intends to modify his bid online before the deadline, the bidder need not make any additional payment towards the cost of bid processing. For bid modification and consequential re-submission, the bidder is not required to withdraw his bid submitted earlier. Modification and consequential re-submission of bids is allowed any number of times. The last modified bid submitted by the bidder within the bid submission time shall be considered as the bid. For this purpose, modification/withdrawal by other means will not be accepted. The bidder may withdraw his bid by uploading his request before the deadline for submission of bids, however, if the bid is withdrawn, the re-submission of the bid is not allowed.
- iii) No bid may be modified after the deadline for submission of Bids. Any queries relating
- iv) to the tender document and the terms and conditions contained therein should be addressed to the Tender Inviting Authority for a tender or the relevant contact person indicated in the tender.

Any queries relating to the process of online bid submission or queries in general may be directed to the 24x7 Central Public Procurement Portal Helpdesk.

- a) The TENDERER will be responsible for the premium in connection with extending the period(s) of insurance covers in the event that the TENDERER fails to complete the work within the stipulated time.
- b) The TENDERER shall be responsible for all injury or damage to persons, animals or things and for all damage to property which may arise from any factor omission on the part of the TENDERER or any of their employees.
- c) The liability under this clause shall cover also, inter alia, any damage to structures, whether immediately adjacent to the work or otherwise, any damage to roads, streets, footpaths, bridges as well as damage caused to the buildings and other structures and work forming the subject matter of this Contract. The TENDERER shall also be responsible for any damage caused to the buildings and other structures and work forming the subject matter of this Contract due to rain, wind, frost or other inclemency of weather.
- d) The TENDERER shall indemnify and keep indemnified the Owner and hold him harmless in respect of all and any loss and expenses arising from any such injury or damage to persons or property as aforesaid and also against any claim made in respect of injury or damage, whether under any statute or otherwise and also in respect of any award or compensation or damage consequent upon such claim.
- e) The TENDERER shall, at his own expense, effect the insurance before commencing work with an insurance company as approved by the owner in the joint names of Owner and tenderer (name of the owner placed first in the policy) and maintain the same up to the issue of the actual completion certificate under this Contract.
- f) The TENDERER shall reinstate all damage of every sort mentioned in this clause so as to deliver up the whole of the work complete and perfect in every respect and so as to make good or otherwise satisfy all claims for damage to property of third parties including neighboring buildings etc.
- g) The Owner shall also be protected against all claims in respect of damages to third parties including the Owner's staff, visitors, neighbors and other passers- by which may be made against the Owner by any person in respect of anything which may arise in respect of the work or in consequence thereof or due to accidents on account of the incidental risks which may occur during the execution of work and the TENDERER shall, at his own expense, effect and maintain, until the actual completion of the Contract, with an Insurance Company approved by the Owner a policy of Insurance in the joint names of the Owner and the TENDERER (name of the former being placed first in the policy) against such risks and deposit such policy or policies before commencement of the work. **The minimum limit of the coverage under the Policy shall be Rs. 5.00 lakhs (Rupees Five Lakhs Only) for every** accident or occurrence, there being no limit on the number of such occurrences. The same shall have currency through the period of completion of all work as certified by the TICEL(Owner) or its Representatives.
- h) The TENDERER shall also indemnify the Owner against all claims made upon the Owner, whether under the **Workmen's Compensation Act** or any other statute in force during the currency of this Contract or at Common Law in respect of any employee of the TENDERER or of any Sub-Contractor and shall at his own expense effect and maintain until the actual completion of the Contract, with an insurance company, approved by the Owner, a Policy of Insurance against such risks and deposit such policy or policies with the Owner from time to time during the currency of this Contract.
- i) **Transit Insurance:** In respect of all items to be transported by the TENDERER to the site of work, the cost of transit insurance shall be borne by the TENDERER and the quoted price shall be inclusive of such cost.

- j) All claim amounts against the policy shall be payable to the Owner and not to the TENDERER. The TENDERER shall keep the policy renewed from time to time until the Certificate of Completion is issued by the Owner. If at any time the policy so obtained and kept with the Owner expires, it shall be lawful for the Owner to stop further payments until the duly renewed policy is lodged with the Owner.
- k) The TENDERER shall be responsible for any liability which may not be covered by the Insurance Policies referred to above and also for all other damages to any person, animal or defective carrying out of this Contract, whatever may be the reasons due to which the damage shall have been caused.
- l) The TENDERER shall also indemnify and keep indemnified the Owner against all and any cost, charges or expenses arising out of any claim or proceeding relating to the work and also in respect of any award of damages or compensation arising there from.
- m) Without prejudice to the other rights of the Owner against TENDERER in respect of such default, the Owner shall be entitled to deduct from any sums payable to the TENDERER the amount of any damages, compensation costs, charges and other expenses paid by the Owner and which are otherwise payable by the TENDERER under this clause.
- n) The TENDERER shall, upon settlement by the Insurer of any claim made against the Insurer pursuant to a policy taken under this clause, proceed with due diligence to rebuild or repair the work destroyed or damaged. In this event all the monies received from the Insurer in respect of such damage shall be paid to the TENDERER and for the TENDERER shall not be entitled to any further payment in respect of the expenditure incurred for rebuilding or repairing of the materials or goods destroyed or damaged.
- o) The TENDERER, in case of re-building or reinstatement after fire, shall be entitled to such extension of time for completion as the TICEL(Owner) or its Representative may deem fit, but shall, however, not be entitled to reimbursement by the Owner of any shortfall or deficiency in the amount finally paid by the insurer in settlement of any claim arising as set out herein.
- p) Without prejudice to his liability under this clause, the TENDERER shall also cause all Direct Sub-Contractors to effect, for their respective portions of the work, similar policies of insurance in accordance with the provisions of this clause and shall produce or cause to produce to the Owner such policies. The TENDERER shall not
- q) permit a Direct Sub- Contractor to commence work at the site unless the said insurance policies are submitted. In the event of failure of the Sub-Contractor to take out such a policy of insurance before commencing the work at the site, the TENDERER shall be responsible for any claim or damage attributable to the said Sub-Contractor.
- r) The TENDERER shall be responsible for the insurance of his plant, tools and equipment.

45. Injury to persons & property of owner:

The TENDERER shall be liable for and shall indemnify the Owner against any liability, loss, claim or proceedings whatsoever arising under any statute or at common law in respect of personal injury to or the death of any person whomsoever arising out of or in the course of or caused by the carrying out of the work, unless such claim arises due to any act or neglect of the Owner or of any person for whom the Owner is responsible.

Except for such loss or damages as is at the risk of the Owner, the TENDERER shall be liable for and shall indemnify the Owner against any expense, liability, loss, claim or proceedings in respect of any injury or damage whatsoever to any property movable or immovable in so far as such injury or damage arises out of or is in the course of or by reason of the carrying out of the work, and provided always that the same is due to any negligence, omission or default of the TENDERER, his servants or agents or of any Sub-Contractor, his servant or agent.

46. Insurance against Injury to Persons and Property

Without Prejudice to his liability to indemnify the Owner under these Conditions mentioned in this document, the TENDERER shall maintain and shall cause any Sub- Contractor to maintain:

Such insurances as are necessary to cover the liability of the TENDERER or as the case may be of such Sub-Contractor, in respect of personal injuries or deaths arising out of or in the course of or caused by the carrying out of the work; and such insurances as may be specifically required by the Contract Documents in respect of injury or damage to property movable or immovable arising out of or in the course of or by reason of the carrying out of the work, and caused by any negligence, omission or default of the TENDERER , his servants or agents or, as the case may be of such Sub-Contractor, his servants or agents.

The TENDERER shall produce or cause any Sub-Contractor to produce for inspection the relevant policy or policies of insurance together with the receipts in respect of premiums paid under such policy or policies as and when required so to do by the TICEL(Owner) or its Representative provided always that as and when may be reasonably required by the TICEL(Owner) or its Representative the production by either the TENDERER or any Sub-Contractor of a current certificate of insurance from the company or firm which shall have issued the policy or policies aforesaid shall be a good discharge of the TENDERER's obligation to produce or to cause the production of the policy or policies and the receipts in respect of premium paid.

The TENDERER shall maintain in the joint names of the Owner and TENDERER for such insurances as may be required in respect of any expense, liability, loss, claim or proceedings which the Owner may incur or sustain by reason of injury or damage to property real or personal arising out of or in the course of or by reason of the carrying out of the work, and caused otherwise than by the negligence, omission or default of the TENDERER, his servants or agents or any Sub-Contractor, his servants or agents.

Any such insurance as is referred to in the immediately preceding paragraph shall be placed with insurers to be approved by the TICEL(Owner) or it's Representative and the TENDERER shall have to deposit the policy or policies and the receipts in respect of premiums paid for scrutiny by the TICEL(Owner) or it's Representative.

Should the TENDERER or any Sub-Contractor make default in insuring or in continuing to insure as provided in this clause of these Conditions the Owner may himself insure against any risk with respect to which the default shall have occurred and may deduct a sum equivalent to the amount paid in respect of premiums from any monies due to or to become due to the TENDERER.

47. Insurance of the Work against Fire Etc.

a) The TENDERER shall in the joint names of the Owner and themselves insure against loss or damage by fire, storm, tempest, lightning, flood, earthquake, aircraft or anything dropped there from, aerial objects, riot and civil commotion for the full value thereof all work executed and all unfixed materials and goods intended for, delivered to and placed on or adjacent to the work, but excluding temporary building plant, tools and equipment owned or hired by the TENDERER or any Sub-Contractor and shall keep such work, materials and goods so insured until actual Completion of

the work. Such insurances shall be with insurers approved by the TICEL(Owner) or its Representative and the TENDERER shall deposit with the TICEL(Owner) or its Representative, the policy or policies and the receipts in respect of premiums paid and should the TENDERER make default in insuring or continuing to insure as aforesaid the Owner may himself insure against any risk with respect of which the default shall have occurred and deduct a sum equivalent to the amount paid by him in respect of premium from any monies due to or to become due to the TENDERER.

b) Provided always that if the TENDERER shall independently of his obligations under this Contract maintain a policy of insurance which covers (inter alia) the said work, materials and goods against the aforesaid contingencies to the full value thereof then the maintenance by the TENDERER of such policy shall if the Owner's interest is endorsed thereon, be a discharge of the TENDERER's obligation to insure in the joint names of the Owner and TENDERER and the production by the TENDERER as and when may reasonably be required by TICEL(Owner) or its Representative of a current certificate of insurance from the company or firm which shall have issued the said policy shall be a discharge of the TENDERER's obligation to deposit with the TICEL(Owner) or its Representative a policy or policies and the receipts in respect of premiums paid.

c) Upon settlement of any claim under the insurances aforesaid the TENDERER with due diligence shall restore work damaged, replace or repair unfixed materials or goods which have been destroyed or damaged, remove or dispose of any debris and proceed with the carrying out and completion of the work. All monies received from such insurances shall be paid to the TENDERER by installments under certificates of the TICEL(Owner) or its Representative issued at the period of interim certificates named in the appendix to these Conditions. The TENDERER shall not be entitled to payment in respect of the restoration of work damaged, the replacement and repair of any unfixed materials or goods and the removal and disposal of debris other than the monies received under the said insurances.

d) All work executed and all unfixed materials and goods intended for, delivered to and placed on or adjacent to the work (except temporary buildings, tools and equipment owned or hired by the TENDERER or any Sub-Contractor) shall be at the sole risk of the TENDERER as regards loss or damage by fire, storm, tempest, lightning, flood, earthquake, aircraft or anything dropped there from, aerial objects,

e) riot and civil commotion. If any loss or damage affecting the work or any part thereof or any such unfixed materials or goods is occasioned by any one or more of the said contingencies, then:

f) The occurrence of such loss or damage shall be disregarded in computing any amounts payable to the TENDERER under or by virtue of this Contract.

The TENDERER with due diligence shall restore work damaged, replace or repair any unfixed materials or goods which have been destroyed or damaged, remove and dispose of any debris and proceed with carrying out and completion of the work. The restoration of work damaged, the replacement and repair of unfixed materials and goods and the removal and disposal of debris shall be deemed to be a variation required by the TICEL(Owner) or its Representative.

The existing structure together with all the contents thereof and the works and all unfixed materials and goods intended for, delivered to and placed on or adjacent to the works (except temporary buildings, plant, tools and equipment's owned or hired by the Contractor or any Sub-Contractor) shall be at the sole risk of the OWNER as regards loss or damage by fire, storm, tempest, lightning, flood, earthquake, aircraft or anything dropped therefrom, aerial objects, riot and civil commotion, and the OWNER shall maintain adequate insurance against that risk if any loss or damage affecting the work or any part thereof or any such unfixed materials or goods is occasioned by any one or more of the said contingencies then:

The occurrence of such loss or damage shall be disregarded in computing any

amounts payable to the Contractor under or by virtue of this Contract.

(i) If it is just and equitable so to do the employment of the Contractor under this Contract may within 28 days of the occurrence of such loss or damage be determined at the option of either party by notice by registered post or recorded delivery from either party to the other. Within seven days of receiving such notice (but not thereafter) either party may give to the other a written request to concur in the appointment of an Arbitrator under these conditions in order that it may be determined whether such determination will be just and equitable.

(ii) Upon the giving or receiving by the OWNER of such a notice of determination or, where a reference to Arbitration is as aforesaid upon the Arbitrator upholding the notice of determination the provisions of this Clause of these Conditions shall apply.

(iii) If no notice of determination is served as aforesaid or where reference to Arbitration is made as aforesaid, if the Arbitrator decides against the notice of determination, then.

a. The Contractor with due diligence shall reinstate or make good such loss or damage and proceed with the carrying out and completion of the works.

b. The Architect may issue instructions requiring Contractor to remove and dispose of any debris;
and

c. The reinstatement and making good of such loss or damage and (when required) the removal and disposal of debris shall be deemed to be a variation required by the Architect.

48. Termination

The Owner or the TENDERER may terminate the Contract if the other party causes a fundamental breach of the Contract.

48.1 Termination by the Owner

Default

If the TENDERER shall make default in any one or more of the following respects, that is to say: -

If he without reasonable cause wholly suspends the carrying out of the work before completion thereof, or

If he abandons the Contract, or

If he fails to proceed regularly and diligently with the work, or If he fails to adhere to the agreed program of schedule, or

If he fails to adhere to the terms and conditions of the contract documents, or

If he refuses or persistently neglects to comply with a written notice from TICEL(Owner) or its Representative requiring him to remove and redo / replace at his cost defective work or substandard work or improper materials or goods and by such refusal or neglect the work is materially affected, or

If the progress of any particular item or items is slow, or

If he has failed to execute the work in accordance with the terms and conditions of the Contract, or If he is persistently or flagrantly neglecting to carry out his obligation under the Contract, or

If he fails to take steps to employ competent or additional staff and labor or to deploy additional tools and plants and equipment's as required for scheduled completion of work.

Then TICEL(Owner) or its Representative / Owner may give him a notice by registered post or recorded delivery specifying the default, and if the TENDERER either shall continue such a default for 14 days after receipt of such a notice or does not commence and diligently to remedy such default with 14 days or shall at any time thereafter repeat such a default (whether previously repeated or not) or repudiates the Contract, then the Owner without prejudice to any other rights or remedies may within 10 days after such continuance or repetition of default by notice by registered post or recorded delivery forthwith determine the employment of the TENDERER under this Contract, provided that such notice shall not be given unreasonably or vexatious.

Bankruptcy of TENDERER: -

In the event of the TENDERER Becoming bankrupt or insolvent, or Making a composition or arrangement with or assignment in favor of his creditors, or Agreeing to carry out the Contract under a committee of inspection of his creditors, or Being a company, having a winding up order made or (except for purposes or reconstruction), a resolution for voluntary winding up passed, or a receiver or manager of his business or undertaking duly appointed or possession taken by or on behalf of the holders of any debentures secured by a floating charge, of any property comprised in or subject to the floating charge, the employment of the TENDERER under this Contract shall be forthwith automatically determined but the said employment may be reinstated and continued if the Owner and the TENDERER, his trustee in bankruptcy, liquidator, receiver or manager as the case may be shall so agree.

Corrupt Practice: -

The Owner shall be entitled to terminate the employment of the TENDERER under this Contract

If the TENDERER shall have offered or given or agreed to give to any person any gift or consideration of any kind as an inducement or reward for doing or forbearing to do or for having done or forborne to do any action in relation to the obtaining or execution of this Contract with the Owner, or

For showing or forbearing to show favor or disfavor to any person in relation to this Contract, or any other Contract with the Owner. Or if the like acts shall have been done by any person employed by the TENDERER or acting on his behalf (whether with or without the knowledge of the TENDERER), or if in relation to this Contract or any other Contract with the Owner the TENDERER or any person employed by him or acting on his behalf shall have committed any offence under the prevention of corruption act, or shall have given any fee or reward the receipt of which is an offence under the Local Government Act.

Consequences: -

In the event of the employment of the TENDERER being terminated as aforesaid and so long as it has not been reinstated and continued, the following shall be the respective rights and duties of the Owner and TENDERER.

The Retention money & Performance money shall stand forfeited in favor of the Owner.

The TENDERER shall deliver to TICEL(Owner) or its Representative all drawings and other documents made by or for the TENDERER in connection with the Work.

The Owner may employ and pay other persons to carry out and complete the work and he or they may enter upon the Work and use all temporary buildings, plant, machinery, appliances, goods and materials intended for, delivered to and placed on or adjacent to the work and may purchase all materials and goods necessary for the carrying out the completion of the Work.

The TENDERER shall if so, required by the Owner or TICEL(Owner) or its Representative within 14 days of the date of termination assign to the Owner without payment the benefit of any Agreement for the supply of materials or goods and/or for the execution of any work for the purposes of this Contract but on the terms that a supplier or Sub-Contractor shall be entitled to make any reasonable objection to any further assignment thereof by the Owner. In any case the Owner may pay any supplier or Sub-Contractor for any materials or goods delivered or Work executed for the purpose of the Contract (whether before or after the date of determination), in so far as the price thereof has not already been paid by the TENDERER. Payments made under this paragraph may be deducted from any sum due or to become due to the TENDERER.

The TENDERER shall as and when required in writing by TICEL(Owner) or its Representative so to do (but not before) remove from the work any temporary buildings, plant, tool, equipment's, goods and materials belonging to or hired by him. If within a reasonable time after any such requirements has been made the TENDERER, has not complied therewith then the Owner may (but without being responsible for any loss or damage) remove and sell any such property of the TENDERER, holding the proceeds less all costs incurred to the credit of the TENDERER.

The TENDERER shall not be released from any of his obligations or liabilities under the Contract prior to the date of termination.

The TENDERER shall allow or pay to the Owner in the manner hereinafter appearing the amount of any direct loss and/or damage caused to the Owner by the termination. Until after completion of the work under this Clause the Owner shall not be bound by any provisions of this Contract to make any further payment to the TENDERER, but upon such completion and the verification within a reasonable time of the accounts thereof TICEL(Owner) or its Representative shall certify the amount of expense properly incurred by the Owner and the amount of any direct loss and/or damage caused to the Owner by the determination and if such amounts when added to the monies paid to the TENDERER before the date of determination exceed the total amount which would have been payable on due completion in accordance with this Contract, the difference shall be a debt payable to the Owner by the TENDERER and if the said amounts, when added to the said monies be less than the said total amount, the difference shall be a debt payable by the Owner to the TENDERER.

48.2 Termination by TENDERER

Without prejudice to any other rights and remedies which the TENDERER may possess, if the Owner does not pay to the TENDERER the amount due on any certificate within the period for honoring Certificates mentioned in these Conditions and continues such default for 15 days after receipt by registered post or recorded delivery of a notice from the TENDERER stating that notice of termination under this condition will be served if payment is not made within 15 days from receipt thereof; Or The Owner interferes with or obstructs the issuance of any certificate due under this Contract; Or The carrying out of the whole or substantially the whole of the uncompleted work is suspended for a continuous period of more than 3 (three) months by reason of:

Force majeure, or Loss or damage occasioned by any one or more of the contingencies referred of these conditions (if applicable) Or Civil commotion or by any injunction or other order of any Court of Law, Or TICEL(Owner) or its Representative's instructions issued of these conditions, Or The TENDERER not having received in due time necessary instructions drawings, details or levels from TICEL(Owner) or its Representative for which he specifically applied in writing on a date which having regard to the date of completion stated in the appendix to these Conditions Or Delay on the part of Artists, Tradesmen or others engaged by the Owner in executing work not forming part of this Contract, or The opening up for inspection of any work covered up or of the testing of any of the work materials or goods (including making good in

consequence of such opening up or testing) unless the inspection or test showed that the work materials or goods were not in accordance with this Contract.

Then TENDERER may thereupon by notice by registered post or recorded delivery to the Owner and TICEL(Owner) or its Representative forthwith determine the employment of the TENDERER under this Contract; provided to such notice shall not be given unreasonably or vexatious.

Upon such determination, then without prejudice to the accrued rights or remedies of either party or to any liability of the classes mentioned in these conditions which may accrue either before the TENDERER or any Sub- Contractor shall have removed his or their temporary buildings, plant, machinery, appliances, goods or materials or by reason of his or their so removing the same, the respective rights and liabilities of the TENDERER and the Owner shall be as follows that is to say:

The TENDERER shall with all reasonable diligence dispatch in such manner and with such precautions as will prevent injury, death or damage of the classes in respect for which before the date of determination he was liable to indemnify the Owner under these conditions remove from site all his temporary buildings, plant, machinery, appliances, goods and materials and shall give facilities for his Sub- Contractors to do the same but subject always to the provisions of this clause.

The TENDERER shall deliver to TICEL(Owner) or it's Representative all drawings and other documents made by or for the TENDERER in connection with the Work.

After taking into account amounts previously paid under this Contract the TENDERER shall be paid by the Owner

48.3 The total value of the work completed at the date of termination

The total value of work begun and executed but not completed at the date of termination the value being ascertained mutatis mutandis in accordance with these Conditions.

The cost of materials or goods properly ordered for the work for which the TENDERER shall have paid or of which the TENDERER is legally bound to pay, and on such payment by the Owner materials or goods so paid for shall become the property of the Owner.

The reasonable cost of the removal under this clause.

In addition to all other remedies the TENDERER upon such determination may take possession of and shall have a lien upon all unfixed materials which may have become the property of the Owner until payment of all monies due to the TENDERER from the Owner.

The TENDERER shall not be released from any of his obligations or liabilities under the Contract prior to the date of termination.

49. Co-ordination of work

At the commencement of work, and from time to time, the Contractor shall confer with Sub-Contractors, persons, engaged on separate contracts in connection with the work, and with the Owner for the purpose of Co-ordination and execution of the various phase of the work.

The Contract shall ascertain the Sub-Contractors, persons engaged on separate contracts in connection with the Works, the extent of all chasings, cuttings and forming of all openings, holes, grooves, etc. as may be required to accommodate the

various services, the Contractor Nominated Sub-Contractor shall ascertain the routes of all services and the positions of all floor outlets, traps, etc. in connection with the installation of plant and services and arrange for the Construction of work accordingly.

The breaking and cutting of completed work must be avoided.

50. Instructions

The TENDERER shall forthwith comply with and duly execute any work comprised in such instructions issued to them by the Owner/TICEL(Owner) or its Representative in regard to any matter in respect of which the TICEL(Owner) or its Representative is empowered by these conditions to issue instructions provided always that verbal instructions, directions and explanations given to the TENDERER or his work representative by the TICEL(Owner) or its Representative shall if involving a variation be confirmed in writing.

If within seven days after receipt of a written notice from TICEL(Owner) or its Representative, requiring compliance with an instruction the TENDERER does not comply therewith, the Owner may employ and pay other persons to execute any work whatsoever which may be necessary to give effect to such instructions and all cost incurred with such employment shall be recoverable from the TENDERER by the Owner as a debt or may be deducted by him from any monies due or to become due to the TENDERER under this Contract.

All instructions issued by TICEL (Owner) or its Representative shall be in writing. Any instruction issued orally shall be of immediate effect, but shall be confirmed in writing by the TICEL (Owner) or its Representative / Owners Engineer within seven days, and if not dissented from in writing by TICEL (Owner) or its Representative to the TENDERER within seven days from receipt of the TENDERER's confirmation shall take effect as from the expiration of the latter said seven days.

Provided always, that if TICEL (Owner) or its Representative within seven days of giving such an oral instruction shall himself confirm the same in writing, then the TENDERER shall not be obliged to confirm as aforesaid, and the said instruction shall take effect as from the date of the TICEL (Owner) or its Representative's / Owners Engineer's confirmation and provided always that if neither the TENDERER nor TICEL (Owner) or its Representative shall confirm such an oral instruction in the manner and at the time aforesaid but the TENDERER shall nevertheless comply with the same, then the TICEL (Owner) or its Representative

/ Owners Engineer may confirm the same in writing at any time prior to the issue of the Final Certificate, and the said instruction shall thereupon be deemed to have taken effect on the date on which it was issued.

51. Labour

The TENDERER shall employ no child labor under 18 years of age on the work. If female labor is engaged the TENDERER shall make necessary provision for safeguarding small children and keeping them clear of the site of operations. No laborer shall reside within the compound except authorized guards. Labor act issued by the state/central government from time to time has to be followed scrupulously.

52. Protection of trees and shrubs

Trees and Shrubs designated by the Owner shall be protected from damage during the course of the work and the earth level shall not be changed within three feet of

such trees. Where necessary such trees and shrubs shall be protected by means of temporary fencing.

53. Antiquities

All fossils and other objects of interest or value which may be found at the site or in excavating the same during the progress of the work shall become the property of the OWNER. The Contractor / Nominated Sub-Contractor shall carefully take out and preserve all such objects and shall immediately or as soon as conveniently may be after the discovery of such articles deliver the same into the possession of Owner or of the Clerk-of-works uncleaned and as excavated.

If in the opinion of the Owner compliance with the provisions of the preceding Clause has involved the Contractor / Nominated Sub-Contractor in direct loss and / or expense for which he would not be reimbursed by a payment made under any other provision in this Contract then the Owner shall ascertain the amount of such loss and / or expense, any amount from time to time so ascertained shall be added to the Contract sum, and if an Interim Certificate is issued after the date of ascertainment any such amount which would otherwise be stated as due in such certificates.

54. Procedure for Disputes and Arbitration Dispute Resolution:

All disputes, differences or claims of any kind whatsoever arising out of or relating to, this Agreement, or its validity, construction, breach or performance between the parties to this Agreement shall be finally settled through Arbitration. However, the parties shall first endeavor to settle the same amicably in a spirit of co-operation.

a) The arbitration shall be governed by the Arbitration & Conciliation Act, 1996 of India as amended up to date.

b) The Sole arbitrator, as decided mutually, shall be appointed by the parties. The Parties shall ensure that Arbitrator shall satisfy the norms of independence as provided in Arbitration & Conciliation Act, 1996 and any amendment thereon.

The TENDERER, in this regard shall make post construction survey and report as soon as the structural work for each floor are completed duly checking all the dimensions as cast, vertically of the columns / walls, levels of slabs / beam soffits / stairs etc. Defects noticed beyond permissible tolerance shall be made good as per the instructions of TICEL(Owner) or its Representative. Rectification in the structural members or remaking or replacing shall be one at the risk and cost of the TENDERER.

56. Severability:

The invalidity of any portion of these Conditions shall not affect the remaining portions of these Conditions or any part thereof and these Conditions shall be construed as if such invalid portion or portions had not been inserted therein. The parties will replace an invalid provision or fill a gap with valid provisions, which most closely approximate the intent and economic effect of the invalid provision or, in case of a gap, the parties' presumable intentions.

57. No Waiver:

None of the terms or conditions of these Conditions shall be deemed or construed to have been waived by either of the parties unless such waiver is set forth in a written instrument signed by a duly authorized executive of such Party.

58. Discrepancies on Contract Documents:

Should there be any discrepancies, inconsistency, contradictions, errors or omission in the contract documents or all of them, the matter shall be referred to the Owner for their decision, which shall be final and conclusive and the TENDERER shall carry out the work in accordance with such decisions.

59. Entire Agreement:

The Contract Documents constitute the entire agreement between the parties as to the subject matter hereof and supersede any and all prior understandings between the parties on the subject matter hereof. The headings of these Conditions are for reference only and shall not be deemed to form part of these Conditions.

60. Headings:

All headings and marginal notes in any part of Tender document are solely for the purpose of facilitating reference and giving concise indication and not a summary of the contents thereof, and they shall never be deemed to be part thereof or be used in the interpretation or construction thereof or of the contract.

61. Singular / Plural:

In this contract document unless otherwise stated specifically, the singular shall include the plural and vice versa wherever the context so required.

62. Co-operation with other TENDERERS:

The successful tenderer must co-operate with the other TENDERERS appointed by the Owner so that the work shall proceed smoothly with least possible delay and to the satisfaction of the TICEL(Owner) or its Representative.

63. Delegation

67. Early Warning

The TENDERER is to inform TICEL(Owner) or it's Representative at the earliest opportunity of specific likely future events or circumstances that may adversely affect the quality of the work, increase the Contract Price or delay the execution of work. TICEL(Owner) or its Representative may require the TENDERER to provide an estimate of the expected effect of the future event or circumstance on the Contract Price and Completion Date. The estimate is to be provided by the TENDERER as soon as reasonably possible.

The TENDERER shall cooperate with TICEL(Owner) or it's Representative in making and considering proposals for how the effect of such an event or circumstance can be avoided or reduced by anyone involved in the work and in carrying out any resulting instruction of TICEL(Owner) or its Representative.

The TENDERER shall comply with and give all notices required by any Government authority, and instrument, rule or order made under any Act of Parliament or State Legislature or any regulation or Bye-law of any local authority relating to the work or with whose system the same is or will be connected. The TENDERER before making any variation from the Contract Drawings or Contract Bills necessitated by such compliance shall give to TICEL(Owner) or it's Representative a written notice specifying and giving reasons for such variations and TICEL(Owner) or its Representative may issue instructions in regard thereto. If within 10 days of having given the said written notice the TENDERER does not receive any instructions in regard to the matters therein specified, he shall proceed with the work confirming to the Act of Parliament, or State Legislature instrument, rule, order, regulations or Bye-law in question and any variation thereby necessitated shall be deemed to be a variation required by TICEL(Owner) or its Representative.

The TENDERER shall pay and indemnify the Owner against liability in respect of any fees or charges (including any rates and taxes) as existing or future legally demandable under any Act of Parliament, or State Legislature instrument, rule or order or any regulation or Bye-law or any local authority in respect of the Work.

68. Joint Inspection:

TICEL(Owner) or its Representative's representatives shall conduct joint inspection with the TENDERER's authorized representative at every stage of the work, immediately upon completion of such stage of work. The purpose of the joint inspection is to observe and record any deviations from the specified tolerances / levels, plumb or any quality defects or any such issues which require immediate attention / action from the TENDERER to make good or rectify such defects or observations jointly recorded. Such joint inspections can be held at any time as deemed fit and shall be binding on the TENDERER to act upon and implement without any extra cost the directions arising out of such joint inspections. Failure / delay in holding such joint inspections shall not absolve the TENDERER from his responsibilities to rectify any defects which may be subsequently noticed at any time after the respective stages of work.

69. Working hours, working on holidays and night work:

No extension of time may be granted should such permission be withheld for any cause.

Time is the essence of contract. To achieve the milestone completion dates, shift working and night working may become necessary.

In case night work is to be done due to the exigencies of the work, it is the TENDERER's responsibility.

To obtain advance permission from TICEL(Owner) or it's Representative and also the security staff specifying the number of persons who will be employed and duration.

To provide adequate area lighting for efficient execution of the work without accident risks and quality deterioration. The arrangements are to be the full satisfaction of TICEL(Owner) or it's Representative. The TENDERER to avoid disturbance to neighbors.

No extra claim will be entertained for the overtime and night work and any expenditure incurred by him on this account.

70. Bill of Quantities

The Bill of Quantities given in Contract Bill is provisional and is meant to indicate the intent of the work and to provide a uniform basis for tendering. The owner reserves the right to increase or decrease any of the quantities or to totally omit any item of work and the TENDERER shall not claim any extras or damages on these grounds. Any error in description or in quantity or omission of items from the Contract Bill shall not vitiate this contract but shall be treated as a variation.

The Bill of Quantities shall contain items for the construction, installation, testing, and commissioning work to be done by the TENDERER.

The Bill of Quantities is used to calculate the Contract Price. The TENDERER is paid for the quantity of the work done at the rate in the Bill of Quantities for each item.

71. Guarantees / Warranties:

Wherever in this specification guarantees / warranties are called for the TENDERER shall obtain a written guarantee addressed to the Owner from the firm supplying the materials or doing the work or both, and shall deliver this to TICEL(Owner) or its Representative.

The guarantees shall be valid for at least the period specified measured from the date of actual Completion of the work (and not unless they coincide, the date of completion of the work relevant subcontract) and any defect which shall arise during this period shall be made good and any expense or other work entailed by either defects or the making good old defects shall be borne by the guarantor.

Guarantees will not be enforced by the TICEL(Owner) or it's Representative during the Defects Liability Period during which time the relevant provisions of the Conditions of Contract documents shall apply.

Besides guarantees required elsewhere, the TENDERER shall guarantee. The work in general for One year as noted under the Conditions DLP.

All required guarantees shall be submitted to TICEL(Owner) or its Representative by the TENDERER when requesting certification of accounts for payment by the Owner.

75. Force Majeure:

If at any time during the continuance of this Contract the performance by either party under this Contract of any of its obligations is rendered impossible by reasons of Force Majeure such as acts of God, flood, fire, earthquake, explosion, war, riots, civil commotion etc. (here-in-after referred to as Force Majeure) then, provided written notice of the happening of the event of Force Majeure is given by the affected party to the other within 15 days, of the occurrence thereof and provided that such event of Force Majeure has not resulted from the negligence or failure of the affected party to perform its obligations, the affected party shall not be liable for fulfillment of any of its obligations pursuant to this Contract during the continuance of the event of Force Majeure.

So soon as practicable, upon the cessation of the Force Majeure conditions, the affected party shall continue performance of its obligations under the Contract.

The affected party shall take steps to remedy and mitigate the effects of the Force Majeure event on its ability to perform its obligations under the Contract.

Time for performance of the relative obligation suspended by the Force Majeure shall then stand extended by the period for which such cause lasts.

If the Contract shall be terminated under the provision of the above clause, the TENDERER shall with all reasonable diligence remove from the Site all the TENDERER's equipment and shall give similar facilities to his Sub Contractors to do so.

Any extension of time granted by the Owner in terms of above clause, shall neither entitle the TENDERER to any claim for increase in prices nor shall it release him from any of the obligations under the Contract. If the performance of the Contract as a whole is delayed by reason of the Force Majeure conditions continuing to persist for a continuous period exceeding 30 Working days, the Owner and the TENDERER shall discuss the matter and decide to discontinue or to continue its execution on such terms as may be agreed upon.

The Owner shall not be held responsible or be called upon to make good any losses / costs incurred by the TENDERER consequent to the happening of any of the event under clause above.

76. Suspension of Work Partly or Wholly

The TENDERER shall if ordered in writing by the TICEL(Owner) or its Representative, temporarily suspend the work or any part thereof for such period and such time as so ordered and shall not after receiving such written order proceed with work therein ordered to be suspended until he shall have received a written order to proceed therewith. The TENDERER shall during such suspension, properly protect and secure the work, so far as is necessary in the opinion of TICEL(Owner) or its Representative.

If such suspension delays the progress of the work to such an extent as to cause additional expense or loss to the TENDERER, the matter shall be mutually discussed and agreed to. As soon as the TENDERER finds that such extra cost is likely to be involved on account of suspension of such work or part thereof, he shall promptly notify the Owner accordingly, giving his estimates of such cost likely to be involved. Unless the Owner is so notified, he shall not be bound to entertain any subsequent or delayed claims on this account. However, no compensation for the first cumulative period of 30 days of suspension of work shall be payable by the Owner to the TENDERER. If the cumulative period of suspension of work exceeds 30 days, TICEL(Owner) or its Representative shall settle mutually and arrive and determine on mutual agreement the amount of compensation payable to the TENDERER for the period beyond the initial cumulative suspension period of 30 days in fair and reasonable manner.

An extension of time for completion corresponding with the delay caused by any such suspension of work as aforesaid will be granted to the TENDERER should he apply for the same provided that the suspension was not consequent to any default or failure on the part of the TENDERER.

In case of suspension of work ordered in writing by the TICEL(Owner) or its Representative for a cumulative period of more than three (3) months, the TENDERER shall have the option to terminate the Contract, provided that the suspension was not consequent to any default or failure on the part of the TENDERER and that the TENDERER shall exercise such option forthwith.

77. Payment upon Termination

If the Contract is terminated because of a fundamental breach of Contract by the TENDERER, the TICEL(Owner) or its Representative shall issue a certificate for the value of the work done less advance payments received by the tenderer up to the date of the issue of the certificate, less other recoveries due in terms of the contract, less taxes due to be deducted at source as per applicable law and less the percentage to apply to the work not completed as indicated in the Contract documents. Section – 15

HAND BOOK ON HEALTH AND SAFETY AT WORK

1. Introduction

This document defines the operations undertaken by TENDERERS and Sub-Contractors on Project premises, which can give rise to hazards to those engaged in the work and others who may be working, standing or passing in the vicinity.

It is the Owner's endeavor to secure a high standard of safety at site. Therefore, TENDERERS and Sub-Contractors must know their duties under common law, both for establishments, and their own employees and to conduct their business and methods of work to conform to the best practices.

Before the Owner, allows any contracting or sub- contracting firm to carry out work on its premises, the Owner insists that TENDERERS and Sub-Contractors understand their duties regarding safe practices for themselves, others and regulations covering the type of work they will be carrying out.

In furtherance to this policy, rules herein have been devised to bring to the notice of TENDERERS and Sub-Contractors, some of the more common hazards, and appropriate preventive measures in connection with the erection, construction, cleaning, painting, alteration or demolition of plant, machinery and buildings.

The Owner is confident that the observance of these rules will be no hindrance to progress the work, but will assist in the avoidance of accidents.

IT IS IN A TERM OF ALL CONTRACTS BETWEEN THE CLIENT AND TENDERERS THAT THEY AND ANY SUB-CONTRACTORS, APPOINTED BY THEM COMPLY WITH THESE RULES AND THEIR CO-OPERATION IS THEREFORE OBLIGATORY IN CARRYING OUT THE PRECAUTIONS LAID DOWN.

All TENDERERS Supervisors will make sure that the Engineering Services / Safety Manager on Project site are notified as and when he and others (Sub-Contractors) are reporting for work on that site.

2. Rules for General Operations

ACCESS:

Nothing shall be done or omitted to be done by TENDERERS or Sub-Contractors or their employees to render unsafe or obstruct:

- Any means of access to the places at which people are required to Work.
- The passage of people and / or vehicles whether on a defined gangway or not, unless permission is obtained from the designated TICEL's Designated Officer.

-access for emergency apparatus, such as FIRE PROTECTION equipment.

-TENDERERS and Sub-Contractors shall nevertheless provide adequate fencing, lighting and warning signs to ensure safety at all times.

ACCIDENT AND INCIDENT REPORTING:

All notifiable accidents, dangerous occurrences and potential hazard situations shall be reported to the TICEL's Designated Officer at site.

Injuries are to be treated by experienced medical staff available at site.

TENDERERS AND SUB-CONTRACTORS' TOOLS AND EQUIPMENTS:

All TENDERERS and Sub-Contractors tools and equipment's must comply with statutory regulations and approved codes of practices.

DUST AND FUME CONTROL:

TENDERERS and Sub-Contractors must inform the TICEL's Designated Officer at the Project site of all processes producing dust or fumes, and under the conditions as laid down in the relevant Act of Government the safety precautions are to be fulfilled.

FIRE HAZARDS AND PRECAUTIONS:

When at site, all fire regulations, as well as regulations under relevant Sections of the relevant Act of Government of must be observed at all times.

MACHINERY SAFETY:

TENDERERS and Sub-Contractors working at the Project site must not remove or displace any guard, fencing or other safety equipment which is designed to protect personnel or machinery or any place where safety equipment has been provided without the written permission of the TICEL's Designated Officer or his designated representative.

On completion of any work, any guards that had to be removed must be replaced immediately and whilst work is being carried out, machinery must not be operated. The requirement of the relevant Act must be followed:

HOUSE-KEEPING:

The House-keeping standards employed by TENDERERS and sub-TENDERERS, must be as good as the Owner. Care must be taken by all responsible people to ensure that the standard of house-keeping for all establishments is known and understood.

Housekeeping and hygiene go hand in hand with safe working practices. TENDERERS and Sub-Contractors must leave work areas in a clean, tidy and safe condition at the end of each working period.

Special attention must be paid to potential fire hazards, trip points and equipment left in a hazardous condition.

Contamination of any product (by drill swarf sawdust, oil, salient, paints and materials etc.) must be avoided at all costs, and the officers of the Owner are empowered to stop any activity which could result in contamination.

NOISE:

TENDERERS and Sub-Contractors working at the Project site must obtain permission from the TICEL's Designated Officer if the processes being employed to carry out that work significantly increase the ambient noise level in that area being worked.

OVERHEAD WORKING:

No work may be carried out above the heads of people or over gangways or roads, until all precautions have been taken to ensure the safety of the persons below, and until permission is given by the TICEL's Designated Officer. Each specific site of overhead working will require consent from the TICEL's Designated Officer. This will be given after satisfactory inspection.

Work may be carried out in the vicinity of power cables only when permission is obtained from the TICEL's Designated Officer and/or Owner Project Engineer.

Work connected with overhead safety includes the movement of long metal objects, machinery, jibs, masts, arms or other elevated parts.

WORKING AT HEIGHT:

All temporary structure, erected by TENDERERS or Sub-Contractors for the purpose of allowing their staff to work at heights of more than 2 M. above floor level, must be constructed in accordance with the Safety Regulations laid down.

Whenever possible, ladders are to be made of wood and in good condition. Metal ladders must not be used where there is any possibility of the ladder coming into contact with an electrical conductor.

Roof working must be properly supervised.

m) Child Labor (Prohibition & Regulation) Act 1986: The Act prohibits employment of children below 14 years of age in certain occupations and processes and provides for regulations of employment of children in all other occupations and processes. Employment of Child Labor is prohibited in Building and Construction Industry.

n) Inter-State Migrant workmen's (Regulation of Employment & Conditions of Service) Act 1979: - The Act is applicable to an establishment which employs 5 or more inter-state migrant workmen through an intermediary (who has recruited workmen in one state for employment in the establishment situated in another state). The Inter-State migrant workmen, in an establishment to which this Act becomes applicable, are required to be provided certain facilities such as Housing, Medical-Aid, Travelling expenses from home up to the establishment and back etc.

o) The Building and Other Construction workers (Regulation of Employment and Conditions of Service) Act 1996 and the Cess Act of 1996: All the establishments who carry on any building or other construction work and employs 10 or more workers are covered under this Act. All such establishments are required to pay cess at the rate not exceeding 2% of the cost of construction as may be modified by the Government. The Owner of the establishment is required to provide safety measures at the Building or construction work and other welfare measures, such as Canteens, First-Aid facilities, Ambulance, Housing accommodations for workers near the work place etc. The Owner to whom the Act applies has to obtain a registration certificate from the Registering Officer appointed by the Government.

p) Factories Act 1948: The Act lays down the procedure for approval at plans before setting up a factory, health and safety provisions, welfare provisions, working hours, annual earned leave and rendering information regarding accidents or dangerous occurrences to designated authorities. It is applicable to premises employing 10 persons or more with aid of power or 20 or more persons without the aid of power engaged in manufacturing process.

10. SUB-CONTRACTING

The Tenderer shall not be required to obtain any consent from the owner for:

a) The sub-contracting of any part of the Work for which the Sub-Contractor is named in the contract;

b) The provision of labor; and the purchase of materials which are in accordance with the standards specified in the Contract. Beyond this if the Tenderer proposes sub-contracting any part of the work during execution of work, because of some unforeseen circumstances to enable him to complete the work as per terms of the contract; the TICEL (Owner) or its Representative will consider the following before according approval:

The Tenderer shall not sub-contract the whole of the Work.

The Tenderer shall not sub-contract any part of the Work without prior consent of the TICEL (Owner) or its Representative. Any such consent shall not relieve the Tenderer from any liability or obligations under the contract and he shall be responsible for the acts, defaults and neglects of any Sub-Contractor, his agents or workmen as fully as if they were the acts, defaults or neglects of the Tenderer, his agents or workmen.

The TICEL (Owner) or its Representative should satisfy whether (a) the circumstances warrant such sub-contracting; and (b) the Sub-Contractors so proposed for the Work possess the experience, qualifications and equipment necessary for the job proposed to be entrusted to them in proportion to the quantum of work to be sub-contracted.

If payments are proposed to be made directly to that Sub-Contractor, this should be

subject to specific authorization by the prime Tenderer so that this arrangement does not alter the Tenderer's liability or obligations under the contract.

Protection of Environment:

The Tenderer shall take all reasonable steps to protect the environment on and off the Site and to avoid damage or nuisance to persons or to property of the public or others resulting from pollution, noise or other causes arising as a consequence of his methods of operation.

During continuance of the contract, the Tenderer and his Sub-Contractors shall attend at all times by all existing enactments on environmental protection and rules made there under, regulations, notifications and bye-laws of the State or Central Government, or local authorities and any other law, bye-law, regulations that may be passed or notification that may be issued in this respect in future by the State or Central Government or the local authority.

Salient features of some of the major laws that are applicable are given below:

The Water (Prevention and Control of Pollution) Act, 1974, this provides for the prevention and control of water pollution and the maintaining and restoring of wholesomeness of water. 'Pollution' means such contamination of water or such alteration of the physical, chemical or biological properties of water or such discharge of any sewage or trade effluent or of any other liquid, gaseous or solid substance into water (whether directly or indirectly) as may, or is likely to, create a nuisance or render such water harmful or injurious to public health or safety, or to domestic, commercial, industrial, agricultural or other legitimate uses, or to the life and health of animals or plants or of aquatic organisms.

The Air (Prevention and Control of Pollution) Act, 1981, this provides for prevention, control and abatement of air pollution. 'Air Pollution' means the presence in the atmosphere of any 'air pollutant', which means any solid, liquid or gaseous substance (including noise) present in the atmosphere in such concentration as may be or tend to be injurious to human beings or other living creatures or plants or property or environment.

The Environment (Protection) Act, 1986, this provides for the protection and improvement of environment and for matters connected therewith, and the prevention of hazards to human beings, other living creatures, plants and property. 'Environment' includes water, air and land and the inter-relationship which exists among and between water, air and land, and human beings, other living creatures, plants, micro-organism and property.

The Public Liability Insurance Act, 1991, This provides for public liability insurance for the purpose of providing immediate relief to the persons affected by accident occurring while handling hazardous substances and for matters connected herewith or incidental thereto. Hazardous substance means any substance or preparation

which is defined as hazardous substance under the Environment (Protection) Act 1986, and exceeding such quantity as may be specified by notification by the Central Government.

Site Office for Tenderer

The Tenderer shall provide temporary office, stores, laboratory and workshops at the location approved by the TICEL (Owner) or its Representative. All temporary construction shall be put up after prior approval from Owner & TICEL (Owner) or it's Representative.

The Tenderer shall provide necessary approaches, fencing and other facilities at his own cost and within the quoted rates and with the prior approval of the TICEL. No other land shall be occupied by the Tenderer without the written permission of TICEL. The Tenderer shall not use or allow to be used the land for any purpose other than that of executing the work. The Tenderer shall dismantle and clear all dismantle all materials and hand over the vacant possession of the area allowed to him before leaving the site after completion of the contract.
